Re: Portland Harbor Superfund Site, Administrative Order on Consent for Remedial Investigation and Feasibility Study; Docket No. CERCLA-10-2001-0240
Modifications to the Feasibility Study Report (Section 1) dated March 30, 2012

Dear Mr. Wyatt;

EPA and its partners have reviewed the draft Feasibility Study Report submitted to EPA on March 30, 2012. We are sending you the enclosed modifications to Section 1 of the draft FS report (enclosed) using the process agreed to by the EPA and LWG senior managers June 24, 2014. We have also enclosed a table that references any tables, maps, or figures referenced in this section.

Per the process we outlined, the LWG has 30 days to review and resolve comments on each section. Thus, the LWG will have until August 8, 2014, to review and provide EPA comments on Sections 1. If the LWG has any questions or clarifications that are needed regarding EPA's comments, we would be happy to discuss them with you at any time.

We appreciate your willingness to work with us to complete this report and move forward to clean up of the Portland Harbor Superfund site. If you have any questions regarding this letter, please contact Kristine Koch at (206) 553-6705, or koch.kristine@epa.gov. All legal inquiries should be directed to Lori Cora at (206) 553-1115, or cora.lori@epa.gov.

Sincerely,

A handwritten signature in blue ink, which appears to read "Kristine Koch", is written over a horizontal line.

Kristine Koch
Remedial Project Manager
